**Recommendation letter:**

Josep Marimon has served McCormick, until July 8, 2021, having performed the KAM role always correctly and in line with the expectation from the company.

From the beginning, Josep established an excellent relationship with all the teams, as well as with the customers he worked with on a daily basis.

He works with ability to meet deadlines and achieve the goals that have been set. Josep, even in difficult situations, always showed a positive attitude, facing all tasks with positive energy. His optimistic personality and engaging personal style allowed him to interact effectively with different teams.

We are very grateful for the contributions that Josep gave to McCormick Spain and very confident that he has the skills, competences and values that will allow him to add value wherever he works.

I recommend Josep without reservation. If you have any further questions regarding his background or qualifications, please do not hesitate to contact me.

Sincerely,

**José Luis Casamayor**

**KAM**
